MEMORANDUM FOR: Director of Training

SUBJECT: ONE and ORR Publications for use in TR(S)

1. The TR(S) Library has been removed from the distribution lists of

Special Estimates, published by ONE  
National Intelligence Estimates, published by ONE  
Intelligence Memorandum, published by ORR.

It is requested that, if investigation of the reasons for these actions appears to warrant further effort, the Director of Training request the resumption of these distributions.

2. CIA Desk/Liaison Division/OCD informed the TR(S) Library of these actions in the spring of 1951 and, upon more recent inquiry, has stated that the first two removals were by the Deputy Director (Mr. Jackson) while the third was by the Assistant Director/ORR. It appears that the TR(S) Library was only one of several recipients removed from the distribution lists at the same time. Being uninformed as to the reasons for these actions, TR(S) cannot judge the propriety of efforts to have them reconsidered.

3. While these publications are of substantial value to most TR(S) instructors, they are fundamental to the planners and instructors of Advanced Specialized Training courses. If necessary, use could be restricted to AST staff.

  
Deputy Director, TR(S)
